**ANIMAL SERVICES MONTHLY REPORT FOR
SEPTEMBER 2015**

Program Highlights

- Volunteers donated approximately 2000.25 hours in September in the areas of animal care (including puppies, cats, general kennels and horses); administration needs; grooming; cleaning; socialization; dishes; Petco store cat adoptions; linens, and several special events. There were 114 active volunteers in September. Of the 2000.25 original hours, 1058.50 hours were completed by regular KCAS volunteers, 176 hours were completed by employment preparation volunteers, 152.50 hours were completed by MAOF volunteers, and 613.25 hours were completed by work release volunteers. Total volunteer time equates to 11.6 staff members and the value given back to KCAS by current and new volunteers in all areas is \$49,308.
- September was a busy month once again for media contact, inquiries and interviews for the Department. The Marketing & Promotions Associate responded to 20 media inquiries and requests providing information to the media on various topics such as field services including wildlife calls; vaccination clinics; spay/neuter resources; foster and volunteer needs; shelter statistics and, the collaboration between KCAS and Kern County Fire to save the life of Petra, the dog who climbed 25 feet up into a Cypress tree and was unable to get down on her own. Of those 20 contacts, 18 resulted in interviews or postings for newspaper, television and radio media outlets via video, newsprint on the news agency websites and papers and, on Facebook pages. This also included the numerous stories about Petra which made both national and international news.
- The Rescue Team coordinated the rescue and placement of 99 animals in September.
- Our Foster Program continues to grow and save more lives. 50 new animals entered the foster care program during the month of September.
- Starting July 1, 2013, the Department implemented its first ever Trap-Neuter-Return (TNR) program for feral and free-roaming cats, joining thousands of other agencies across the country embracing TNR as the humane method to control the feral and free-roaming cat populations. The program has been extremely successful with 91 cats being spayed or neutered and returned to the areas where they were trapped in September. The total number of cats that have been altered since the beginning of the program is 3,503.
- The Department hosted its fourth annual “End Your Summer with Love – Woofstock!” adoption promotion during the month of September. All dog adoptions were reduced to just \$15 and all cat adoptions were reduced to just \$5. The promotion was overwhelmingly supported by the community with an amazing 140 cat adoptions and 307 dog adoptions, which is an increase of approximately 124% in adoptions over the same time period as the previous year!

- KCAS hosted one successful low-cost vaccination, licensing and microchip clinic in Frazier Park (Frazier Mountain Park). 170 licenses; 167 Rabies vaccinations; 119 DHPP vaccinations; 12 FVRCP vaccinations and, 60 free microchips were implanted during this vaccination clinic.
- Joining forces with the Bakersfield Blaze, KCAS hosted off-site adoptions at a home game during September. Although no dogs were adopted that night, staff handed out responsible pet ownership information, spoke to dozens of people about the services and programs available at the shelter and answered a number of questions about the Department.
- The Department's Wednesday evening vaccination, licensing and microchipping clinics at the Fruitvale Shelter location in Bakersfield continued in September with 255 DHPP vaccinations; 26 FVRCP vaccinations; 220 Rabies vaccinations; 183 licenses and, 122 microchips issued during the five Wednesday evening clinics.
- We continue to provide free microchips for all pet owners both onsite at all three shelters and at our low-cost clinic locations. We have implanted a total of 10,059 microchips for Kern County residents since the program began on October 23, 2012.
